

An artistic rendering of a networked defense system. In the foreground, a blue fighter jet is shown from a low angle. Above it, several other aircraft, including a large transport plane and a smaller surveillance plane, are visible. Two satellites are in orbit, connected by a network of thin lines to the aircraft below. The background is a cloudy sky with a grid-like pattern on the ground.

Digital Signature for PDF

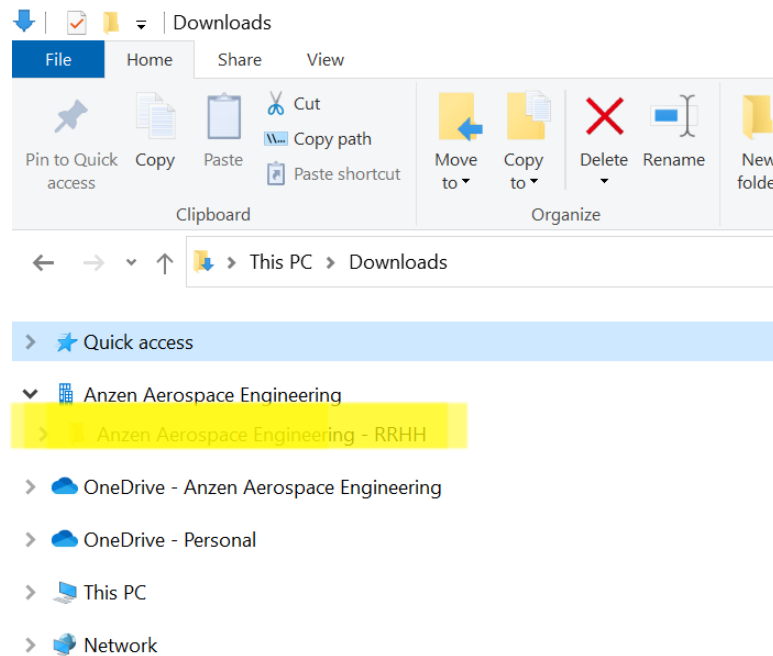

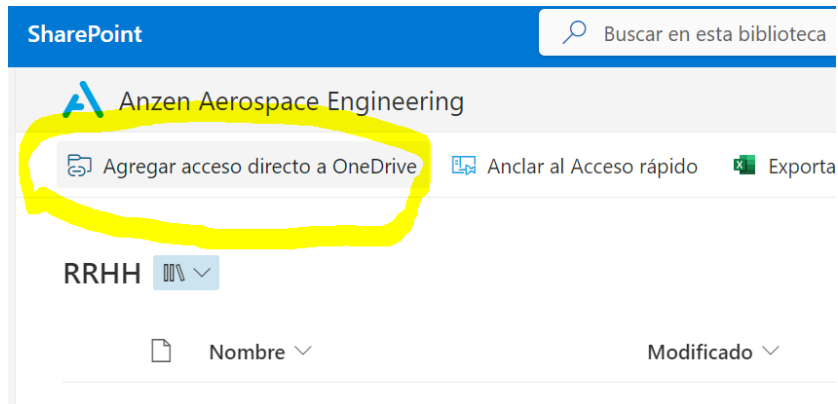

Dario Corrado, ANZEN Engineering

| Updated: 30/01/2023
